Update on annuity products in Nevada

As we previously announced, new regulations go into effect in the state of Nevada on January 1, 2012, that impact the products insurance carriers can offer in the state.

We have been working diligently with the state insurance department to ensure that we can continue offering quality, competitive products to your clients. While a majority of our annuity products are not impacted, we re-filed some MultiChoiceSM Series and Freedom Series annuity products to comply with the new regulations. Effective January 1, 2012, the following annuity products will not be available for sale until filing has been approved by the state:

- MultiChoiceSM Xtra
- MultiChoiceSM Advantage
- FreedomXtra
- FreedomPlus

We understand the importance of having these products for sale, and we are committed to working with the state of Nevada to get these products approved as soon as possible.

As we previously announced, the MultiChoiceSM IncomeElite will be discontinued in Nevada on January 1, 2012.

Please note that applications with cash for the products listed above must have been received by December 27, 2011. Also, rollover funds on any pending applications must have been received by December 27, 2011.

Thank you for your business with Aviva. We are committed to working with you during this period of transition for the state of Nevada. If you have any questions, please contact Sales Support at (800) 255-2405, ext. 6620.
